

Bible Journaling Starter Supplies

Buying supplies for Bible journaling can become overwhelming and expensive. The best thing about it is that you get to choose what you want and what you don't! There are no rules. You make up your own rules - yay!

Here are a few supplies that I recommend when you're just getting started. Use a coupon at your craft store if you can! If you're shopping online and make a purchase via our links, our ministry will receive a small commission. **Thank you for supporting our mission to help others grow in the Word creatively.**
