Rick --

We are honored to receive an endorsement for COS from Major General General Paul Valley, US Army, Retired. General Valley has served our nation as: infantry company commander, intelligence officer, operations officer, military advisor, aide-de-camp and has served in Special Operations, Psychological and Civil-Military Operations.

"Today, I am endorsing the Convention of States. This is critical for restoring the Republic and the Constitution of this great country. The Constitution for the United States, The Bill of Rights, The Declaration of Independence, The Federalist Papers and The Rule of Law—rooted in the principles of Life, Liberty, The Pursuit of Happiness and The Well Being of every American—must be taught to children early, observed and understood as adults, and greatly appreciated and selflessly honored on a daily basis throughout life. The Americans mindset belongs in the Independent Constitutionalist Arena and 'The Americans Papers' will help set forth these beliefs."

"I am more the happy to endorse your initiatives on this important issue for restoring the Republic and Constitution."

Paul E Valley MG, US Army (Ret)

Here is our American Government lesson for this week. This week we learn what our Founding Fathers thought and established concerning Money, Post Offices, Copyrights and Patents and in Chapter 18 “The War Powers and the Remaining Enumerated Powers.” Have fun with it and post your thoughts on the Constitutional Conversations facebook group!
