

# PODCAST EQUIPMENT GUIDE

EVERYTHING YOU  
NEED TO KNOW TO  
START PODCASTING

## IPHONE + EARPODS

---

You don't need to spend a ton of money on podcast equipment, especially if you are just getting started. A quiet room with an iPhone and Earpods will do the trick in the beginning. You can always upgrade later.

## USB MICROPHONE - OPTION 1

This is a great starter mic. Will run you less than \$150 and it plugs right into your computer via USB and the sound quality is excellent.
