45 Subversive Goals: The "Fundamental Transformation" of America

In 1958 a senior FBI agent detailed the 45 goals of thousands of subversive entities that had successfully infiltrated the United States with the intent to **"FUNDAMENTALLY TRANSFORM"** our great nation from within our own government and major institutions. His report was unanimously approved into the official **Congressional Record** of 1963. Did you know that many of our politicians in both parties at that time fought the attacks of these subversives in widely publicized ideological battles?

U.S. Presidents Warned Us

[President John F. Kennedy](#) (JFK) gave numerous public warnings to the citizenry on many occasions about the massive organization of subversives that infiltrated every major institution in America and across the world. Unfortunately, over the past several decades the Democrat Party "progressively" took the goals of these subversives as their party platform.

h34ters

Both as a private citizen and as a politician [Ronald Reagan](#) also warned America for decades about the subversive threat within our own borders. After Reagan's presidency and his exceptional fight against the subversives, the Republican Party leadership fell into disarray and essentially watched in a dumbfounded manner with no effective strategy to counter the subversive onslaught that was overwhelming our nation.

The Top 20 Subversive Goals for the U.S.A.

As we list just 20 of the 45 subversive goals here. Ask yourself if the entire Democrat Political Party Machine and some of our Republican politicians, known as "Republicans in Name Only" (RINOs), are complicit in carrying out the schemes of the radical subversives detailed in the official Congressional Record from 1963:

Note: The underlined and italicized sections below are the actual goals of the subversive entities listed in the Congressional Record of 1963. The content between the [brackets] expounds on further research documented from numerous sources since the goals were originally exposed.

Note: Now 89% of our children attend government schools. Of the 99,000+ government schools in America tens of thousands are failing or poorly performing systems. These failing government schools result in a 30% national dropout rate and fail to teach 65% of our students that do graduate to read at the 12th Grade level.

Big Money Union Boss: We are Only About Power and Money

Here is a **SHOCKING** 1 minute video where a Big Money Teacher Union Boss proclaims that quality schools and educating our children is not their goal. NO, he clearly states that **POWER** is their ultimate weapon against their enemies and **INDOCTRINATING** our children with their Liberal social agenda is their goal!

Secular Humanism Forced On Our Children

Here is a summarized paraphrase of the writings of the subversives that infiltrated the ranks of early government education planners as they arrogantly proclaimed:

"places of worship only have children for 1 hour per week, while we have them 5 full days per week as captive audiences in our mandatory government schools; we will control the children and wean them away from the Judeo-Christian influence of their parents."

In this next video you will hear an American expound on the outrageous fact of Secularist Humanist indoctrination in America. Won't you agree that this represents the voice of millions of American citizens that are finally hearing these truths for the first time?

GOAL: *Discredit the family as an institution. Encourage promiscuity and easy divorce* [a plank of **Humanist Manifesto II**]. *Emphasize the need to raise children away from the negative influence of parents. Attribute prejudices, mental blocks and retarding of children to the suppressive influence of parents.* [The family unit consisting of a mother, father and children is the greatest obstacle to achieving their subversive goals to “**FUNDAMENTALLY TRANSFORM**” the American culture, so they must tear apart families and encourage policies that cause children to be born out of wedlock and raised in single parent homes.]

The Fundamental Transformation of the Family Unit

Question: Would you agree that the subversive goal to “**FUNDAMENTALLY TRANSFORM**” the family unit worked exceedingly well because children raised in fatherless homes skyrocketed from a low 6% in 1960 to the current 43% of all households and a shocking 70% in our black communities? Check out this 1 minute video to learn the real statistics about the devastation this is causing on our our society.

diciteco

GOAL: *Eliminate all laws governing obscenity by calling them "censorship" and a violation of free speech and free press.* [Their goal over the past seven decades was to pervert the minds of the American people to cause a rejection of our traditional American Judeo-Christian cultural heritage in order to allow easy accomplishment of their objectives to “**FUNDAMENTALLY TRANSFORM**” America from within.]

GOAL: *Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio, and TV.* [They executed a multifaceted attack to demoralize the citizenry so their goals to “**FUNDAMENTALLY TRANSFORM**” the American culture away from its Judeo-Christian heritage could be implemented without resistance. Don't you agree that sick perverse content is ingrained into prime-time TV, pop music and in print?]

GOAL: *Present homosexuality, degeneracy and promiscuity as "normal, natural, healthy."* [The subversives enacted a plan several decades ago to indoctrinate all American children in government schools with a scheme called “**Safe Sex**” to promote sexual promiscuity with the mantra “**you're going to use each other for sex anyway, so use a condom.**”]

**The Artificial Contraception Mandate:
Payback to the Abortion Industrial Complex**

This message is for both Pro-Life and Pro-Choice Americans because the undeniable facts presented herein are straight forward and given without judgement. The subversives know that no child will use "artificial contraception" correctly 100% of the time and thus every incident of misuse exposes "**Safe Sex**" practitioners to the resulting Sexually Transmitted Disease (STD) and unplanned pregnancy risks. Now the Centers for Disease Control (CDC) estimates that 80% of sexually promiscuous people will acquire the incurable HPV STD of which condoms are ineffective at eliminating the risk.

The Promiscuous Sex Culture

The results have been large numbers of teen pregnancies annually and continuously increasing numbers of fatherless homes; furthermore, the "**try it before you buy it**" sexual mentality is gradually eliminating marriage from our society and thus furthering the objectives of the subversives to "**FUNDAMENTALLY TRANSFORM**" Americans away from our Judeo-Christian heritage. As you can see they have been horrifyingly successful at dismantling the traditional family unit consisting of husband, wife and children.

American Life League

The Constitutional Right to Kill Americans?

The subversives devised a plan to teach several generations of Americans that it is permissible to kill unborn American citizens, thus terminating their rights to life, liberty and the pursuit of happiness. The intent of the subversives was to totally demoralize the entire nation, and we explain why in our FREE report. Our report also links to a video from an ex-subversive agent revealing that

his hierarchy considered the demoralization of America complete by 1985. Do you agree? Let's look a little further before you answer.

The Power of the Abortion Industrial Complex

Our report details how the Abortion Industrial Complex pressures government officials to promote Safe Sex to children in order to drum up new clients via the resulting unplanned pregnancies when artificial contraception is misused. Power-players in this industry know that children will not use artificial contraception correctly but promoting the government sponsored "Safe Sex" propaganda will give them a false sense of security. This 3 minute video clip provides an important but brief explanation from an **ex-clinic director exposing their goal of 3-5 abortions per each girl aged 13-18.**]

GOAL: Capture one or both of the political parties in the United States [These subversive entities have accomplished this goal by infiltrating the major American political parties with their operatives and sympathizers. They also took control of political ideological platforms to meet their objectives to “**FUNDAMENTALLY TRANSFORM**” the American culture away from its Judeo-Christian heritage and Capitalist economic structure.]

The Democrat Party Rejects God and Israel

GOAL: Use technical decisions of the courts to weaken basic American institutions by claiming their activities violate civil rights. [Over the past several decades these subversive elements infiltrated the **Judicial Branch** with **activist judges** that illegally “**legislate from the bench**” and provide unchallenged **FUNDAMENTAL TRANSFORMATION** of the American culture away from its Judeo-Christian heritage.]

GOAL: Infiltrate the press. Get control of book-review assignments, editorial writing, and policymaking positions. [These subversives gradually work to advance their

operatives and sympathizers into positions of leadership. They use the Mainstream Media (MSM) news outlets as their indoctrinating propaganda machine to **"FUNDAMENTALLY TRANSFORM"** Americans away from our Judeo-Christian heritage and Capitalist economic structure.]

Scientific Proof:
The Undeniable Influence of MSM Propaganda

GOAL: Gain control of key positions in radio, TV, and motion pictures. [We have seen where they gradually worked to advance their operatives and sympathizers into positions of leadership in all forms of the MSM and in Hollywood. Now they use the power of the press and the entertainment industry as indoctrination outlets to achieve their objectives to **"FUNDAMENTALLY TRANSFORM"** Americans away from our Judeo-Christian heritage and Capitalist economic structure.]

GOAL: Continue discrediting American culture by degrading all forms of artistic expression... [This is a continuation of their destruction of America's cultural heritage through the power of the arts in print, on the big screen, via music and on the canvas.]

GOAL: Infiltrate the churches and replace revealed religion with "social" religion [Social Justice and Liberation Theology]. Discredit the Bible and emphasize the need for intellectual maturity which does not need a "religious crutch." [Our **FREE** report fully expounds on this subject and will **SHOCK** people of faith as the undeniable truth is revealed.]

Social Justice/Liberation Theology Exposed

Randall Niles

GOAL: Eliminate prayer or any phase of religious expression in the schools on the ground that it violates the principle of "separation of church and state." [These subversives gradually worked to advance their operatives and unsuspecting

sympathizers into positions of leadership. They then, progressively instituted the religion of **Secular Humanism** as the official “**government established religion**” in direct violation of the 1st Amendment of the U.S. Constitution.]

Randall Niles

GOAL: Discredit the American Constitution by calling it inadequate, old-fashioned, out of step with modern needs, a hindrance to cooperation between nations on a worldwide basis. [These subversives knew that the U.S. Constitution was the "Rock" that America was founded upon and sustained. To destroy us they had to eliminate the influence of our founding documents on our culture and in our politics. Now, Constitutional illiteracy is widespread and few Americans know of its beauty and importance. Politicians, government bureaucrats and the those in the ranks of the Judicial Branch regularly violate the U.S. Constitution thus progressively separating us from our Constitutional heritage]

J. Barnes

GOAL: Discredit the American Founding Fathers. Present them as selfish aristocrats who had no concern for the "common man." [The subversives implemented "**revisionist history**" that falsifies historical accounts to place our Founding Fathers and our role in history in a negative light. This false history is forced on our children in mandatory government schools and universally in textbooks nationwide.]

GOAL: Belittle all forms of American culture and discourage the teaching of American history... [The subversives and "useful idiots" in the MSM, politics, government school bureaucracies and in Hollywood tear down traditional American culture on a continual basis. As a result most citizens know little about real American history and what is taught to the masses is intentionally skewed and falsified.]

GOAL: Support any movement to give centralized control over any part of the culture [such as] education, social agencies, welfare programs, mental health clinics, etc. [Use politicians and unsuspecting sympathizers to implement policies and programs designed to promote total federal government dependence by the entire population.]

GOAL: *Discredit and eventually dismantle the FBI.* [Foment the people against the police, intelligence agencies and the military to create distrust of government institutions that are sworn to support and defend the Constitution of the United States against all enemies - foreign and domestic.]

GOAL: *Infiltrate and gain control of MORE unions.* [The subversives gradually worked to advance their operatives and sympathizers into positions of union leadership. They use union dues to fund their objectives. Our patriotic union workers are helpless in protesting how their union dues are used to further this agenda because union bosses usurp total power over their members.]

Push Back Now - PBN

GOAL: *Infiltrate and gain control of big business.* [These subversives gradually worked to advance their operatives and sympathizers into positions of business leadership. They now use the profits of corporations and trust fund investment monies from major endowments to fund their objectives. In many instances your purchases help to fund causes and endeavors that work to “**FUNDAMENTALLY TRANSFORM**” America into an anti-God and anti-Capitalist nation.]

GOAL: *Dominates the psychiatric profession and use mental health laws as a means of gaining coercive control ...*

[Our **FREE** report provides the shocking details on how this goal and the other 25 goals were implemented.]
