If you listen to nothing else today, listen to this and share it. This is Congressman Clay Higgins from Louisiana. [@RepClayHiggins](#), thank you. This is one of the moments from the hearings that will go down in the history books. So well done. I've threaded the text below.

"I have descended into the belly of the beast. I have witnessed the terror within, and I rise committed to oppose the insidious forces have threatened our Republic. America is being severely injured by this betrayal, by this unjust and weaponized impeachment brought upon us...

...by the same socialists who threatened unborn life in the womb, who threatened First Amendment rights of conservatives, who threatened Second Amendment protections of every American patriot, and who have long ago determined that they would organize and conspire...

...to overthrow President Trump. We don't face this horror because the Democrats have all of a sudden become Constitutionals! We're not being devoured from within because of some surreal assertion of the socialist newfound love for the very flag that they frown upon!

...We face this horror because of this map. This is what the Democrats fear. They fear the true will of "We the People"! They are deep establishment DC. They call this Republican map, flyover country. They call us "deplorables". They fear our faith. They fear our strength...

...They fear our unity. They fear our vote, and they fear our President. We will never surrender our nation to career, establishment DC politicians and bureaucrats. Our Republic shall survive this threat from within. American patriots shall prevail..."
